

For immediate release to all SB units

December 1, 2020

Contact: Linda Hampton 520-354-8340

Desert Life Pharmacy is planning to vaccinate residents of SaddleBrooke, and Senior Village is helping organize the task. No one knows when the COVID-19 vaccination will arrive, but plans are underway to deliver it promptly and safely once the US Food and Drug Administration makes it available. Unfortunately, the vaccine may become **available with short notice and must be administered within a few days of being received**. This may mean there will not be much advance notice of the day the vaccine will be administered. The cost of the vaccination will be covered by Medicare and most private insurance carriers. To accommodate the number of residents who are expected to want the vaccine, mobile vaccination clinics in multiple locations within SaddleBrooke are anticipated. For updated information about the SaddleBrooke vaccination project, please visit the website sbvaccinate.org

Senior Village has a unique phone number for SaddleBrooke residents to indicate their interest in receiving the vaccination by leaving a message. If you have already called there is no need to call again. Later, residents will be contacted with details about when and where within SaddleBrooke to go for their scheduled time. Please DO NOT call Desert Life Pharmacy regarding the mobile vaccination clinic. Details are not known at this time.

An undertaking of this magnitude will require many helping hands. If you are interested in volunteering for this important event, please email vaccinate@seniorvillage.org

To register for the vaccine using a cell phone if possible

**CALL 520-365-4337
and leave the requested information**
